

Martha T. Muse Prize for Science and Policy in Antarctica

Tim Naish - 2014

Martin Siegert - 2013

Steve Rintoul - 2012

José Xavier - 2011

Helen Fricker - 2010

Steven Chown - 2009

The “Martha T. Muse Prize for Science and Policy in Antarctica” is a US\$100,000 unrestricted award presented to an individual in the fields of Antarctic science and/or policy who has demonstrated potential for sustained and significant contributions that will enhance the understanding and preservation of Antarctica. The Prize is inspired by Martha T. Muse’s passion for Antarctica.

The prize-winner can be from any country and work in any field of Antarctic science and/or policy. The goal is to provide recognition of the important work being done by the individual and to call attention to the significance of understanding Antarctica in a time of change.

The Prize is awarded by the Tinker Foundation and administered by the Scientific Committee on Antarctic Research (SCAR).
